1. Considering the fact that SPSP has agreed to publish the above mentioned manuscript, the authors of articles published by Revista Paulista de Pediatria maintain the copyright of their works, licensing them under the Creative Commons Attribution license, which allows articles to be reused and distributed without restriction, as long as the original work is correctly cited. The authors grant Revista Paulista de Pediatria the right of first publication.

2. The authors may reproduce the manuscript, totally or in part, provided that they declare and refer to its publication in Revista Paulista de Pediatria. The authors retain the following rights:

- a) Reproduce the manuscript, totally or in part, in books or dissertations of their own authorship.
- b) Reproduce the manuscript, totally or in part, in classes or courses of educational institutions.
- c) Reuse figures or tables created for the above mentioned manuscript in others studies of their own authorship, provided that it is approved by the coauthors of the original manuscript.

3. The authors ensure that:

- a) They are the only authors and owners of copyright. If the manuscript contains material from third parties, the authors obtained previous permission to reproduce it.
- b) All the information described in the above mentioned manuscript is accurate and true.
- c) No part of the manuscript violate any right of intellectual property or any other personal or institutional right.
